## Content management online/offline

Make advertising online and publish to all  
USB flash plug and play

## 3in1 LED control system

Smart Power box

### PREVIEW

When we have LED screen, we need to use computer (or media player) as media source plus sending box and some receiving cards to make the screen work. Its with a lot of connections and its expensive solution.

Now with DoMedea all in one system card, it integrates android system player, sending card & receiving card all together, to make thinner, smarter, and easier display solutions.

### FEATURES

- ▶ Work with all kinds of indoor and outdoor led screen.
- ▶ DoPlayer pre-buildin, login sostron.com to publish and control your led screens remotely.
- ▶ Online cloud based and offline Plug&Play both compatible.
- ▶ Can divide into different zone and show different content at the same time.
- ▶ Linux based cloud server, and B/S based friendly interface to use.

# 1.5 INTRODUCTION
